WHERE TO USE

While efficient on a multitude of surfaces, Doodle Buster is ideal for cement, brick, metal lockers and other hard surfaces. It should be noted that some pre-painted surfaces may be susceptible to Doodle Buster. Can be diluted and rinsed with water for quick cleaning.

DIRECTIONS

Using a foaming trigger apply undiluted to the graffiti. Keep the area wet for 1-5 minutes, depending on the type and age of the graffiti and the surface being cleaned. Using a cloth, soft pad or brush, wipe the graffiti off. Rinse with water if necessary.

Doodle Buster may also be used as a gum and adhesive remover and a degreaser.
