## Traffic Lane Carpet Cleaner

"A specially developed concentrated carpet cleaner for maintaining traffic areas that require very short drying time. Its application using a rotary carpet cleaner simplifies cleaning in desired areas."

### FEATURES AND BENEFITS

**A.P.E. free synthetic detergents:** Emulsifies grease and oil; low foaming; hard water stable.

**Non petroleum solvents:** Fast drying time.

**Green apple fragrance:** Leaves a fresh scent.

### WHERE TO USE

Designed for use with cotton and synthetic fiber bonnets, driven by standard rotary floor machines. For use on all types of carpeting, especially where there is heavy traffic. Recommended for use on colourfast fabrics only. To test for colourfast fabrics, apply in a hidden area. Using a clean white cloth, wipe solution into fabric. If no colour is removed, proceed with cleaning.

### HOW TO USE

For best results, pre-vacuuming is always recommended. Dilute with unheated tap water according to the dilution rates listed below and follow operation instructions as listed on equipment. Use the wet pad method of immersing the bonnet in the cleaning solution or by spraying the solution directly on the carpet. Vacuum carpet after it dries to remove encapsulated soil residue.

**Recommended dilution rates:**

Light soil .....	1:8
Medium soil .....	1:6
Heavy soil .....	1:3
Carpet spotter .....	1:4

*Note: Adjust rates to suit your cleaning needs.*
