Rotary Carpet and Upholstery Shampoo

“Designed for rotary style shampooing using a floor machine and nylon brush.”

Features and Benefits	
<u>Environmentally friendly</u>	– A.P.E. free
<u>Mild surfactants</u>	– safe on all colourfast carpets and upholstery
<u>Low pH</u>	– can be used on stain resistant carpets
<u>Safe solvents</u>	– helps to dissolve soils and stains
<u>Produces high foam</u>	– prevents overwetting and allows faster drying time; provides good solids suspension
<u>No sticky residue</u>	– prevents rapid resoiling
<u>Dries to powder</u>	– easily picked up with a vacuum
<u>Pleasant fragrance</u>	– leaves a fresh clean banana scent

Where to Use	
Recommended for use on colourfast fabrics only. To test for colourfast fabrics, apply shampoo solution in hidden area. Using a clean white cloth, wipe solution into fabric. If no colour is removed, proceed with cleaning.	
How to Use	
Remove furniture and give a thorough dry-vacuum to remove loose dust and dirt. Pre-clean corners and other hard-to-get-at areas with a hard brush. Pour diluted solution into tank. Apply just enough solution so that suds cover the pile. If available, a wet-vacuum pick-up may be used to remove excess suds. While still damp, it should be brushed in one direction using a stiff bristle brush or pile lifter to permit efficient and even drying. Replace furniture when carpet is dry. If necessary to replace before carpet is dry, place wax paper, thick cardboard or foil paper under legs to prevent rust marks. Leave under legs for a minimum of 24 hours.
