

The Dustbane Way

Cleaning a Cannabis Greenhouse

Cleaning a cannabis greenhouse starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Disinfectant: UniTab

UniTab's gentle formula is non-corrosive and doesn't generate fumes which could be harmful for plants. It's effective against a broad range of microorganisms and is a safer alternative to bleach. DIN: 02470381.

- Dilute 2 tablets per 1 L of water for disinfection.
- Dilute 1 tablet per 20 L of water for sanitizing.

Note: *Plants and greenery must be removed before any chemical application.*
