

Cleaning Pads

A Greener Approach

POWERED BY RECYCLED
BOTTLES

TABLET FORM

DIN: 02470381

A solution to a concerning issue...

Drinking tap water used to be the typical way to consume water but as times have changed and pollution and health concerns have arisen, there has been a surge in the demand for water bottles. Over a million plastic water bottles around the world are produced daily and that number will keep rising year after year. Only 1 out of 5 bottles are recycled and an estimated 1,500 plastic bottles end up in landfills or in the ocean every second – creating an environmental crisis. In our constant search in finding innovative, more sustainable yet highly efficient cleaning solutions – we have found the perfect way to clean both the planet and your floors.

INTRODUCING THE 100% RECYCLED MATERIAL FLOOR PADS

We have recently changed our pad line to offer a more sustainable floor cleaning solution that is more in line with Dustbane's sustainability vision. What makes these pads innovative is that they are made from **100% recycled PET plastic**, with a **minimum of 80% post-consumer waste**. The primary source of these materials is recycled soda and water bottles.

TURNING THIS...

INTO THIS!

How many bottles does it take?

38 Water Bottles (12 oz) = 1 Case of 20" Floor Pads (5 pads)

12 Soda Bottles (2 L) = 1 case of 20" Floor Pads (5 pads)

Meaning that if your company uses 100 cases of floor pads a year this would calculate into 3,800 water bottles not going into a landfill.

ENVIRONMENTAL INNOVATION FOR SUSTAINABLE FLOOR CARE

Being good stewards of the environment is simply our corporate responsibility

Environmentally Friendly

The floor pads are developed with sustainability in mind. We use recycled materials and some pads have been designed to eliminate the use of harsh chemicals when cleaning or stripping floors.

Water-Based Latex Resins

No phenol-formaldehyde resins are used in our binding process. We only use water-based latex resins.

Recycled Packaging

All of our shipping cartons contain at least 45% recycled materials.

Wastewater Reduction

Our in house water treatment facility has reduced our wastewater flow by 83%.

Biodegradable

Specially formulated to biodegrade in a fraction of the time that it takes conventional floor pads when discarded into a landfill – leaving no toxins or toxic remnants in the environment in the process.

High Quality & Performance

Don't sacrifice quality or product performance for a greener footprint. The innovative biotechnology does not modify the core pad formulation. Our products have the same high quality, product performance, and consistency that customers have come to expect from Dustbane.

APART FROM THEIR TOP QUALITY AND DURABLE PERFORMANCE

— the guarantee of the best and friendliest solution for the environment

We offer a wide variety of floor pads to optimize your cleaning machine's performance. We have a floor pad for any cleaning needs or floor type. A sustainable, high quality and efficient solution for your floor care. Use this guide to determine the most appropriate floor pad for your cleaning needs.

- **Burnishing Pads**
Repairs the floor finish and restores the shine. These pads are for use with a high-speed floor polisher or burnisher.
- **Scrubbing Pads**
Removes dirt and scuff marks from heavily soiled floors and prepare floors for burnishing. These pads are for use with a floor machine.
- **Cleaning and Polishing Pads**
Removes dirt and scuff marks from floors while producing a high gloss shine. These pads can be used in floor machines, burnishers or auto-scrubbers.
- **Stripping Pads**
Quickly removes floor finish or floor sealer for floor surfaces. Can be used with floor machines or auto-scrubbers.

How to choose the right pad size for your machine?

You will need to measure the deck of your machine to find out what size of floor cleaning pad you need. You simply need to measure across your drive board.

The pad fitted to the drive board should be approximately 1" (25 mm) larger in size than the drive board itself.

CLEANBRIGHT 2-IN-1 CLEANING AND POLISHING PAD

Clean and shine in just one step!

Clean and shine in just one step with this newest labour-saving floor pad! The CleanBright floor pad gradually increases floor shine with each use, without the extra step of burnishing the floors.

CleanBright pads last 5x longer than a traditional floor pad and are built with a brightly coloured wear indicator to take away the guesswork and give you control over the results. The pad that cleans and brightens in one step!

Easy to integrate in your daily maintenance routine, no chemicals are required – simply water. It will also effectively remove dirt, scuff marks, and imperfections on the floor faster than traditional floor pads.

Specialty Floor Pad

Specialty pads are better suited for more specific cleaning tasks. They have great performance results when it comes to heavy-duty cleaning. These pads can be used on vinyl tile, VCT, marble, terrazzo, concrete, and other floor types.

Emerald/Dominator Stripping Pad

A durable and extra aggressive stripping pad designed with heavy denier fibers that provide noticeable results with a single pass.

Titan Extreme Stripping Pad

Our most extreme stripping pad! The ultimate stripping performance that removes years of dirt and floor finish buildup. Offers superior chemical resistance compared to a conventional pad.

Thin Maroon Stripping Pad

Aggressive pad designed for dry stripping floor finish. Its fibers are coated with high- quality abrasives for fast, efficient results.

Clean Bright Pad

Clean and shine in just one step with this newest labour-saving floor pad! The CleanBright floor pad gradually increases floor shine with each use, without the extra step of burnishing the floors.

CHOOSING THE RIGHT FLOOR PAD

Choosing the right floor pad will save you time and money. Selecting the wrong pad, on the other hand, could lead to permanent damage scarring or costly repairs of your floor. Let's get into the basics.

Conventional

Black Aggressive Stripping Pad
Aggressive, heavy-duty wet stripping pad.

Green – Scrubbing Pad
Heavy duty, deep scrubbing pad, for scrub and recoat applications.

Blue – Cleaning Pad
Moderate scrubbing pad for scrubbing, recoating or light spray cleaning of floors. Can also be used with auto-scrubbers.

Red Buffing Pad
Conventional, multi-purpose pad for wet and dry buffing and light scrubbing. Can also be used with auto-scrubbers

White – Super Polishing Pad
Non-aggressive pad for polishing a clean, dry floor. Can also be used with auto-scrubbers.

Ultra High Speed

Jackeroo® Light Burnishing Pad
(Hair Blend Light)
Effectively combines natural hair and fiber in a new, advanced way, bringing out the gloss on softer, more buffable floor finishes.

Jackeroo® Burnishing Pad
(Hair Blend Heavy)
Blend of synthetic fibers and natural hair. Pad lasts longer with the added benefit of the lubricating effect of a hair pad.

Buckaroo® Burnishing Pad
(Hair Blend Extra Heavy)
Made of animal hair with a hard and aggressive binder.

Blue Ice Burnishing Pad
Super soft pad for dry burnishing. Produces a deep and lasting shine.

Pink Eraser – Burnishing & Cleaning Pad
Designed to restore finish and improve gloss on harder floor surfaces. Removes marks and scuffs quickly with minimal finish removal.

RECTANGULAR FLOOR PADS

These pads have proven performance for their specific application. Using the correct pad for the task will boost your Square Scrub's performance. Don't waste time and money, choose right!

Spacer Pad

Holds the other pad onto the bottom of the floor machine. Can be used for light cleaning/buffing.

Code: 42712 (20") / 42713 (28") – (5 per case)

Floor Finish Remover Pad

Removes several layers of floor finish without the use of chemicals and prepare surface for re-coating.

Code: 42706 (20") / 42707 (28") – (10 per case)

Wet Stripping Pad

Used for wet stripping to remove floor finish and polish floors. Ideal to revive scuffed floors.

Code: 42710 (20") – (5 per case)

Sandscreen Pad

Removes floor finish or repair wood floors – both sides of the screen can be used.

Available in grits: 60, 80, 100, 120.

Carpet Pad

Deep cleans any carpeted surface, especially high traffic areas that require a faster drying time. Use wet on any carpeted surface.

Code: 42704 (20") – (1 per case)

Tile & Grout Pad

Reaches into grout lines to clean the toughest dirt and stains. Aggressive but not abrasive.

Code: 42702 (20") / 42703 (28") – (1 per case)

CLEANING TOOLS

Cleaning sponges are a great tool for everyday cleaning needs and greatly aid in accomplishing a cleaning task. Selecting the right sponge for the job can make a real difference. Proper tools make a cleaning job a task instead of a chore.

Light-Duty Scouring Pad

Ideal for glass, stainless steel, porcelain, chrome, copper and ceramic surfaces. Won't scratch or dull most surfaces.

Code: 41667 (60 per case)

Medium-Duty Scouring Pad

Ideal for common cleaning jobs. Cleans pots, pans, kitchen equipment, floors, stairways and baseboards. Will not scratch or dull most surfaces.

Code: 41541 (100 per case)

Extra Heavy-Duty Scouring Pad

Ideal for pots and pans with its powerful scouring action. Removes heavily encrusted baked-on food, even stubborn cheeses and thick sauces. Great alternative to the metal scouring pads.

Code: 41590 (40 per case)

Light-Duty Scrubbing Sponge

Dual-action cleaning tool. One side has a light-duty scouring pad for scrubbing and cleaning and the other, a cellulose sponge to quickly wipes up spills and messes and can carry cleaning solutions to the work surface. Will not scratch or dull most surfaces.

Code: 41539 (100 per case)

Medium-Duty Scrubbing Sponge

Dual-action cleaning tool. One side has a scouring pad for scrubbing and cleaning and the other, a cellulose sponge to quickly wipes up spills and messes and can carry cleaning solutions to the work surface. Will not scratch or dull most surfaces.

Code: 41651 (5 per case)

Large Cellulose Sponge

Ideal for general maintenance. More absorbent than polyurethane sponges and stronger so they last longer.

UTILITY PADS AND HOLDER

The utility pads are designed to clean a variety of applications from light-duty cleaning of delicate surfaces to heavy-duty cleaning of dirt and build-up.

Swivel Pad Holder

Hold pads firmly in place. The durable 180° swivel holder twists to reach hard-to-get-at places and can be used with any threaded handle.

Code: 41542 (1 per case)

Heavy-Duty Black Pad

Designed to remove tough build-ups and other such floor applications, these very aggressive pads are great for those tough, hard to reach jobs.

Code: 40559 (40 per case)

Heavy-Duty Brown Pad

Designed to remove tough build-ups and other such floor applications, these very aggressive pads are great for those tough, hard to reach jobs.

Code: 40565 (40 per case)

Medium-Duty Blue Pad

From cleaning and scrubbing baseboards to tight corners on floors or equipment, these general-purpose pads have a range of applications.

Code: 40566 (40 per case)

Light-Duty White Pad

Generally used for cleaning and buffing windows and ceilings, these light-duty pads are ideal for reaching corners during floor buffing.

Code: 40564 (40 per case)

MICROFIBER PADS

*For the Doodle Mop®

Disposable Microfiber Pad

Effectively removes soil, biofilm, and other contaminants and can be disposed off after one use.

Code: 42712 (18") – (20 per case)

Microfiber Mop Head

Machine-washable, easy-to-replace attachment, offering an environmentally-conscious.

Code: 42712 (18") – (5 per case)
