FLOOR PREPARATION MACHINES

Tough work made easy

ORBITAL TECHNOLOGY: *the preferred choice for routine cleaning*

The Square Scrub® PIVOT boasts the latest orbital technology to evenly remove floor finish down to the deepest layers – preparing the floor for a fresh coat. Floors will shine like new and look fresher, longer.

Square Scrub® benefits:

More Productive

Floors are stripped **75% faster than the conventional method**, the ideal choice for facilities facing labour shortage.

Reduce Your Total Cost Of Ownership

5 years warranty on bearing and eccentric assembly. Up to 5,000 hours on isolators.

User Friendly

No wet floors. No chemical exposures. No fumes. Better air quality while reducing the risk of slip and fall accidents.

No Disruption

Its low noise level, no need to use water and no harsh chemical smell makes it ideal for use in all environments.

Reduced Environmental Impact

Chemical-free, eliminating the risk of zinc-containing products going down the drain.

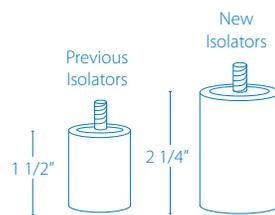

All you need is a surface preparation pad.

THE MOST VERSATILE FLOOR MACHINE

Square Scrub® offers the most versatile line-up of machines **for any floor** in any facility. From a floor cleaning tool for a healthcare facility, to a floor cleaning machine for gym flooring, it's the tool you need. Looking to clean tile and grout? We have you covered. Refinishing wood floors? This machine is perfect!

The Square Scrub® PIVOT cleans into corners where round machine leave work that needs to be done by hand.

The Square Scrub® PIVOT have all new 2 1/4" long isolators. This is 50% longer than the previous isolation which results in longer part life (up to 5,000 hours!). Longer isolator reduces stretching, which can lead to wear and tear.

Longer and thicker isolators greatly reduce vibration and increase user's comfort, making the operator's ergonomics a priority.

Versatility2® means a single Square Scrub® PIVOT can strip, clean, maintain, or restore **ANY** floors in your facility!

- Dry strip/Prep/Wet Strip VCT
- Clean Tile & Grout
- Clean LVT
- Sand Wood Floors
- Screen Gym Floors
- Stone Polishing
- Clean Rubber Floors

YOUR ALL IN ONE FLOOR CLEANING, SCRUBBING, POLISHING AND FLOOR STRIPPING WITH MAXIMUM CLEANING POWER & EFFICIENCY

Everything you need to keep your floor surfaces clean and sanitary.

Shorter & Adjustable Handle

Shorter and adjustable handle is less straining of the back and shoulders of the operator while maintaining easier control

Quick Release Cord Wrap

Cord wrap unwinds improved lifespan

Improved Isolators

All new 2 1/4" long isolators, for improved lifespan (up to 5,000 hrs)

Pivoting Head

For balanced contact and easier control while adjusting and following uneven floors more efficiently

Dust Skirt

Comes standard for dry application and solution control

Extra Isolators

Includes 10 low-profile isolators mounted on the pivoting base to remove nearly all felt vibrations by the operator

High Quality Materials

The base is constructed from 7-gauge stainless steel with a high nickel content to resist corrosion

Perfect Balance

Remains perfectly balanced regardless of the position of the handle

Near perfect weight distribution!

The new floating design allows the head to have near-perfect front to back and side to side weight distribution.

The exceptional weight distribution allows the entire pad to make equal contact with the floor, allowing equal distribution of the work across the entire pad. Other designs place more pressure on the front or rear of the machine, resulting in uneven pad wear.

HEPA Dry Vac Kit

Reduces airborne particles

Maximize operator health and safety with the included Square Scrub® HEPA Dry Vac kit. Once mounted, it captures airborne particles to reduce the amount of contaminants that could potentially be inhaled.

The HEPA Dry Vac kit promotes efficiency during use with its 6-quart capacity; designed to capture the finest of dust and debris without constantly emptying the container. Just plug it directly into the machine with the included adapter, and go!

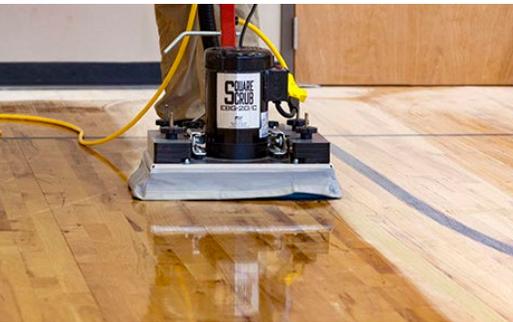

5 YEAR WARRANTY
PATENT PENDING

SQUARE SCRUB® EXCLUSIVE

The dual-seal design is so effective, it's covered by a 5-year warranty!

The bearing and eccentric assembly are the heart of any orbital cleaning machine. Although we're pretty sure you're never going to have to use it, the patent-pending dual-seal design is so effective at keeping moisture from the bearings that we gave it the longest warranty of any component on the PIVOT – 5 years!

Specifications

Square Scrub® EBG-20/C PIVOT

Model Number	19705 (w/ HEPA Dry Vac Kit)	
Productivity	VCT	2500 ft ² /hr (232 m ² /h)
	Gym	5000 ft ² /hr (465 m ² /h)
Scrubbing Width	14" x 20" (36 cm x 51 cm)	
Motor Power	1.5 hp	
Oscillations	3450 rpm	
Voltage	115 V	
Amp	7 A	
Removable Handle	Optional	
Adjustable Handle	Yes	
Base Weight (<i>No Weights</i>)	106 lbs (48 kg)	
Weight (<i>Assembled</i>)	156 lbs (70.8 kg)	
Maximum Weight Capacity	232 lbs (105.2 kg)	
Removable Weights	Yes	
Weights	50 lbs (22.7 kg)	
Frame	10 gauge powder-coated steel	
Axle	3/4" solid steel	
Wheels	6" x 2" (non-marking)	
Number of Isolators	4	
Power Cord	50' (15 m) / 14 gauge	
Dust Containment Kit	Included	
Unit Size (<i>L x W x H</i>)	13" x 19" x 46" (33 x 48 x 117 cm)	
Noise Level	69 dB	
Approval(s)	UL / CSA / CE / CRI	

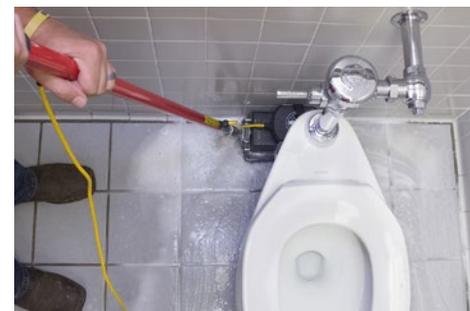

YOU'VE GOT HARD TO REACH AREAS THAT THE SQUARE SCRUB® SIMPLY CAN'T REACH?

The Doodle Scrub® is your must-have, perfect for scrubbing tight corners and under furniture.

Prevent back injuries with a machine that takes the manual, labour-intensive cleaning process out of your routine!

GOES WHERE YOU CAN'T

The Doodle Scrub® EGB-9 is great for a multitude of floor surfaces, and it is the perfect companion to the Square Scrub® PIVOT floor machine. Weighing in at 21 lbs, the Doodle Scrub® EGB-9 gets in those tight spaces the big machines can't. Doodle Scrub® deep cleans under urinal, behind toilets, and even works great on stairs.

Doodle Scrub® DELUXE

Available with the corded and battery version of the Doodle Scrub®. This package includes everything you need. See the next page for details

Battery Handle

The innovative, space-saving battery design places the battery inside the handle (*battery model only*).

The battery-powered handle eliminates trip and fall hazards associated with cords, and allows the operator to focus on the job, not managing the cord.

This feature also allows for the job to get done where no outlets are available.

It does not add weight to the unit or make it difficult to operate

Scrub Handle Trigger

Trigger power switch on the end of the Doodle Scrub® handle. Makes it easier than ever to operate the Doodle Scrub®, while greatly reducing fatigue.

Small But Mighty

Virtually the same downforce per square inch as the PIVOT

Battery Meter

Conveniently located on the side of the Battery Doodle Scrub® (opposite side of what's shown)

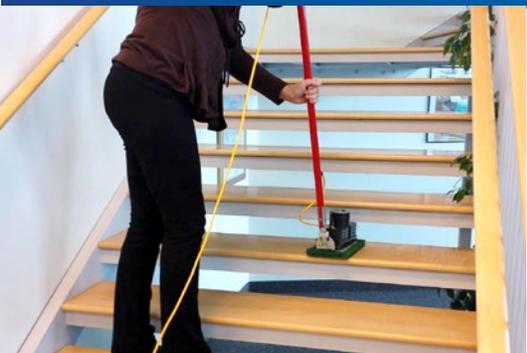

Battery-Powered (Option)

Operates continuously with a **45 minute battery life**

Patent-Pending Handle/Base Design

Allows the handle to be attached on either the end or middle of the base for absolute versatility

THE DOODLE SKATE®

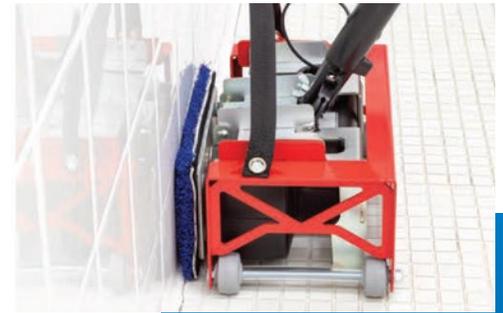

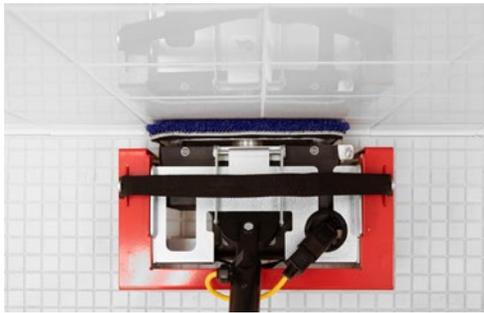

Converts the Doodle Scrub® into the most effective baseboard scrubbing machine available.

The Doodle Skate® baseboard cleaning tool allows you to get those neglected areas sparkling clean without breaking your back. This simple, lightweight baseboard scrubbing and stripping attachment allows your Doodle Scrub® to be turned sideways, directing its scrubbing power towards your grimy baseboards.

Featuring a smooth pivoting action and non-marking wheels, the Doodle Skate® comes with a durable carrying strap and allows for free and easy movement of the handle, to maximize the surface contact of the scrubbing pad and the baseboard surface.

Code: SS EBG-9-SKATE

THE DOODLE SCRUB® DELUXE

The Doodle Scrub® Deluxe comes with everything you need to get started cleaning baseboards and tight spaces in restrooms, kitchens, and more!

The Deluxe package comes with the following:

- Doodle Scrub®
- Doodle Skate®
- Handle Power Trigger
- Blue Cleaning Pads x 5 (4 additional)
- White Driver Pads x 4
- SQP Dry Strip Pads x 4
- SHO Wet Strip Pads x 2
- Blue Tile & Grout Pads x 2
- White Pad x 1
- Xtreme Sponge Pad x 1

Before

After

FLOOR PADS

Rectangular – 20"

**For the Square Scrub® PIVOT*

Spacer Pad

Holds the other pad onto the bottom of the floor machine. Can be used for light cleaning/buffing.

Code: 42712 (20") – (5 per case)

Tile & Grout Pad

Reaches into grout lines to clean the toughest dirt and stains. Aggressive but not abrasive.

Code: 42702 (20") – (1 per case)

Carpet Pad

Deep cleans any carpeted surface, especially high traffic areas that require a faster drying time. Use wet on any carpeted surface.

Code: 42704 (20") – (1 per case)

Wet Stripping Pad

Used for wet stripping to remove floor finish and polish floors. Ideal to revive scuffed floors.

Code: 42710 (20") – (5 per case)

Floor Finish Remover

Used for dry stripping to remove floor finish and polish floors. Ideal to revive scuffed floors.

Code: 42706 (20") – (5 per case)

Sandscreen Pad

Removes floor finish or can be used to repair wood floors.

Available in grits: 60, 80, 100, 120

Rectangular – 5.25" x 10.5"

**For the Doodle Scrub®*

Blue Driver Pad

A medium to heavy duty blue pad can be used for heavier cleaning and buffing situations, but primarily used as a spacer pad.

Code: SSP0511BLU – (18 per case)

SQP Dry Strip Pad

A thin pad designed to remove floor finish without chemicals. Use dry or wet on VCT and tile.

Code: SSP0511SQP – (60 per case)

SHO Wet Strip Pad

For the heaviest of chemical stripping jobs. Extremely abrasive and heavy with dense fibers.

Code: SSP0511SHO – (20 per case)

White Driver Pad

Used primarily a spacer pad or with sandpaper and diamonds.

Code: SSP0511DRIVER – (48 per case)

Blue Tile & Grout Pad

Used best when wet on grouted tile floors, but can be used very effectively on terrazo, poured non-slip, concrete and other uneven floors.

Code: SSP0511TGBV – (sold individually)

White Pad

A light duty polish pad. Can be used without a driver pad, and is great for spreading chemicals while buffing.

Code: SSP0511WHT – (16 per case)

Xtreme Sponge Pad

Removes scuff marks on VCT or tile. Use with a little water to deep clean & restore shine between refinishing jobs.

Code: SSP0511XTR – (5 per case)
