

Dri-Foam

Clean your carpets with almost no drying time

About this product

Designed for rotary style shampooing using a floor machine and nylon brush. This low moisture cleaning method forms a rich foam that acts like tiny sponges to soak up dirt and grime. The foam quickly dries to powder that can be easily picked up using a vacuum – reducing your downtime compared to the water extraction method.

- Low pH
- Low moisture cleaning
- Great results in a short amount of time
- Water-based – doesn't leave residues
- Prevents rapid resoiling
- Helps dissolve soils and stains
- Dries to powder for easy pickup
- Almost no drying time
- Leaves a fresh clean banana scent
- Safe for use on all types of carpets

Dilution rates:

Light Soil	1:50
Medium Soil	1:30
