

Floor Strippers

Getting the job done quickly and effectively

About these products

Our strippers are formulated to effectively penetrate and power strip floor finish, sealer and heavy build-up quickly and efficiently with minimal effort. The concentrated formula does all the work for you and makes for an easy application – simply pour, wipe up and rinse. They strip so fast and thoroughly, eliminating the need for scrubbing or re-stripping. Getting your floors ready for new floor finish has never been so easy.

- Powerful for reduced labour time
- Fast acting – short dwell time reduces down time
- No scrubbing required
- Low cost in use
- Low odour – does not bother cleaning personnel
- Rinses easily
- Liquifies old sealer and floor finishes
- Effective on most types of flooring
