

Organic

Powerful foaming action – gentle formula

About this product

Organic is a safer alternative to hydrochloric and phosphoric acid bowl cleaners. This versatile cleaner can tackle any restroom surfaces in an environmentally conscious way without the use of harsh oxidizers. Surfactant-based, this cleaner generates a foam that clings to surfaces to give an optimum contact time for a deeper clean. It deodorizes as it cleans multiple restroom surfaces and eliminates rust stains in toilets, urinals, sinks and bathtubs. Safe to use on faucets, chrome, stainless steel, showers, ceramic, etc. Its pleasant fresh scent will definitely be a hit.

- Foaming to cling on surfaces, allowing for longer contact time
- Does not contain bleach/harsh acids/phosphates and is non-abrasive
- Breaks-down proteins and stains that are common to restroom environments
- Reduced environmental impact
- Safe for most hard surfaces
- Cleans while eliminating offensive restroom odours
- Improves restroom surface cleaning process
- Pleasant organic scent
- Non-toxic

Dilution rates:

Restroom Cleaner	1:16
ECOLOGO (UL 2759)	1:4
Bowl/Urinal Cleaner	1:4

Why foaming products are better

Foaming cleaners generate a thick foam to grip easily to vertical surfaces such as the sides of the toilet bowl and urinal. This will allow the scale and soap scum to interact longer with the active ingredient of the cleaner, facilitating scum removal and therefore reducing labour.
