

Quick Fix

The quick fix to stubborn restroom stains

About this product

Quick Fix is a fast acting bowl cleaner. Its viscous formula adheres to vertical surfaces of the toilet bowl and urinal allowing for deep penetration to remove hard water stains, rust and even stubborn mineral deposits. Its blend of hydrochloric acid and surfactants cleans most bathroom surfaces without elbow grease. Its fresh clean fragrance deodorizes as it cleans, leaving a clean shine and fresh fragrance. The squirt top makes it easy to apply under the rim. It's strong enough for heavy soils, yet gentle enough for everyday use.

- Clings on surfaces, allowing for longer contact time
- Ready to use – no mixing required
- Dissolves hard water stains, rust, scum, mineral and soap deposits
- Ideal for daily maintenance with workers' health and safety in mind
- Specially formulated to require less scrubbing
- Safe for most hard surfaces
- Does not harm plumbing and septic systems
- Improves restroom surface cleaning process
- Pleasant fresh scent
- No strong fumes

Got hard water?

Hard water is water that has high mineral content. Hard water can lead to many cleaning challenges. **Quick Fix is the solution** to tackle stains caused by hard water. Its formula is specifically designed to do all the hard work for you.

Why clinging products are better

Clinging cleaners are thick and viscous to grip easily to vertical surfaces such as the sides of the toilet bowl and urinal. This will allow the scale and soap scum to interact longer with the active ingredient of the cleaner, facilitating scum removal and therefore reducing labour.
