

# 800ml Soap Dispenser Series

**Durable, Compact, and Easy to Maintain**

## About this product

The 800ml Soap Dispenser Series provides a reliable, low-maintenance solution for everyday hand hygiene. Designed with durable plastic housing and a simple push-bar mechanism, these dispensers are easy to operate, fill, and clean.

Available in foaming and lotion formats, they are versatile enough to support soaps, lotions, shampoos, or sanitizers, making them a practical choice for washrooms, kitchens, and care facilities. With a compact design and open-top refill system, these units combine durability with convenience for busy environments.

- **800ml Capacity:** Compact size with ample volume for regular use.
- **Refillable & Economical:** Works with bulk soaps, lotions, shampoos, and sanitizers to reduce supply costs.
- **Durable Plastic Construction:** Tough housing designed to withstand frequent use.
- **Easy to Operate:** Smooth push-bar action dispenses a consistent dose every time.
- **Simple Maintenance:** Open-top design allows quick refills and easy cleaning.
- **Versatile Applications:** Suitable for both personal care and hand hygiene products
