

Chewing Gum Remover

Aerosol

Applications:

Dustbane's Chewing Gum Remover is a versatile product suitable for use in diverse settings, making it an indispensable tool for gum removal on various surfaces. Before use, shake the aerosol canister, then spray directly onto the gum residue from a distance of 6-8 inches. Allow a few minutes for the solution to soften the gum, then gently remove it with a spatula or brush. Wipe the area clean with a cloth, and rinse with water if necessary. Easy, efficient, and effective gum removal for any surface.

Ideal for use on:

- Carpets and Rugs: Safely and effectively remove gum from carpets and rugs without causing damage or leaving unsightly residues behind.
- Matting: Revive the appearance of entrance matting by eliminating gum deposits, creating a welcoming first impression for visitors.
- Hard Surfaces: Eradicate gum from sidewalks, concrete, tile, and other hard surfaces, ensuring a clean and appealing environment.
- Commercial Establishments: Maintain a spotless appearance for your business premises by removing gum from entrances, walkways, and common areas.
- Educational Institutions: Promote a clean and hygienic learning environment by promptly addressing gum deposits in school facilities.
