

Dustbane

100% Biodegradable Sweeping Compound

Applications:

Sprinkle a thin line across the starting point of the surface to clean, then sweep. It is not necessary to cover the entire floor with the compound. Sweep immediately after applying as floors could become slippery if applied for an extended period of time.

Benefits:

- Contains natural ingredients such as sawdust and sand
- Contains no petroleum or hazardous components
- Prevents the inhalation of irritable dust while sweeping
- Great absorbency, making it ideal to clean up spills
- Suitable for all type of flooring
- Picks up dirt and dust without leaving an oily residue
- Drums made of recycled plastic from the Ontario Blue Box Program
