

# Quatromyicide V

## Disinfectant, No Rinse Sanitizer & Deodorizer

### Applications:

Quatromyicide V is a hospital-grade disinfectant and sanitizer designed for healthcare, food service, and industrial use. It disinfects pre-cleaned hard surfaces, sanitizes food-contact items, and controls odours in challenging environments. Effective in the presence of organic matter, it is versatile enough for hospitals, dairies, restaurants, kennels, and institutional facilities. Apply as directed with mop, cloth, spray, or immersion depending on the application. Ensure proper dwell times are met for disinfection and sanitization.

### Ideal for use on:

- **Hospitals & Healthcare Facilities:** Disinfects walls, floors, bed frames, and equipment.
- **Food Processing Plants, Restaurants & Bars:** Sanitizes food-contact surfaces, utensils, tanks, and equipment.
- **Animal Quarters, Kennels & Poultry Facilities:** Controls odours and disinfects enclosures and equipment.
- **Garbage Areas:** Deodorizes storage rooms, dumpsters, and bins.

### Features and benefits:

- Broad-spectrum disinfectant effective against bacteria, viruses, fungi, and mold.
- No-rinse sanitizer for food-contact surfaces at 200 ppm.
- Odour control for high-odour environments like garbage storage and pet areas.
- DIN-registered with proven efficacy against MRSA, VRE, HIV-1, Influenza A (including H1N1), and more.

### Codes:

**Product:** 50981  
**UPC:** 0 56069 50981 4

### Available Format:

2 L

### Packaging:

**Bottle:** 10" x 5.5" x 3.5" (25.4 x 13.97 x 8.89 cm)  
 4.4 lbs (1.99 kg)

**Box (2 L):** 10.5" x 7.25" x 5.75"  
 8.8 lbs (3.99 kg)  
 2 per case

**Pallet:** 80 cases per pallet
