

Super-sorb

Granular Instant Absorbant

Applications:

Supersorb is a highly efficient granular absorbent designed to quickly solidify liquid spills for easy cleanup and can be used to manage spills. Simply sprinkle over the spill and watch as it rapidly absorbs and transforms liquids into manageable clumps that can be swept away. Apply directly to spills to prevent further spreading and quickly solidify the liquid, minimizing slip hazards.

Benefits:

- High absorvency
- Long-lasting odour control
- Easy application
