

Tradition & Tradition Plus

Be kind to your hands and the environment

About this product

Tradition and Tradition Plus are a pleasure to use because of their rich lather. Their emollient containing formula effectively cleans and leaves hands feeling smooth and soft. Available in both lotion (Tradition) and foaming (Tradition Plus) form – it is gentle enough to be used everyday. Their dye and scent free formula is ideal for use around people with sensitivities and maintains the skin's natural moisture. Use with an open top or foaming dispenser in commercial and institutional washrooms, restaurants, hospitality, offices and schools. The foaming version, Tradition Plus, reduces the amount of soap dispensed by more than 50%.

- Clear – no dye
- Unscented – ideal where a scent-free policy is in place
- Produces abundant lather in hard or soft water
- Nourishes and hydrates the skin
- Leaves skin soft and smooth
- Compatible with open top or foaming dispensers
- Convenient and economical
- Reduced environmental impact
- ECOLOGO Certified (UL 2784)

Don't forget the accessories!

Made of tough and durable plastic. These open top dispensers are easy to operate, fill and clean.
